

PUPPY SHOPPING LIST

PET FOOD

Nutrition matters. The choice you make plays a vital role in the health and longevity of your pet. We recommend 'Life's Abundance - All Life Stages'. There is a significant difference in quality so please don't risk feeding your pup foods that may be recalled or source ingredients from China or ingredients that are toxic.

Visit www.lifesabundance.com/DawsonCreekLabradoodles. Sign up for recalls at this website: www.dogfoodadvisor.com.

NUVET PLUS WELLNESS WAFERS

Why? Gives pets the longest and healthiest lives possible. Fills in vital nutrients missing in processed pet food which boosts immunity, reduces cell damage which causes rapid aging, and supports optimal health. NuVet has a 23 year recall free record and human grade ingredients. They also carry natural ear cleaner, shampoos and spot remover for potty training. And they offer 'Auto-Ship' which breaks down to about \$16 a month. Visit www.nuvet.com/286384.

BASICS

_____ **FOOD & WATER BOWLS.** Stainless steel. Avoid plastic which can leach into the food and water.

_____ **BED.** We like Wash'nZip: www.washnzipetbed.com. Easy to clean and hard to destroy! Get the Puppy Proofer, too.

_____ **LEASH.**

_____ **MICROCHIP.** PLEASE be sure to register your microchip!

_____ **ID TAG & COLLAR.**

_____ **PUPPY WASTE BAGS.** For walks.

_____ **CRATE.** It's best to purchase a crate with a divider to remove once your puppy grows. This is the best way to potty train your puppy. Not 'cruel' but actually gives your puppy comfort like a 'den' once they adjust to it.

TRAINING

_____ **PUPPY PEE PADS.** If you plan to train your pup indoors at any time.

_____ **PAPER TOWELS & SPOT CLEANER.** For accidents.

_____ **TEETHING TOYS.**

_____ **PUPPY TREATS.** We love NuVet and Life's Abundance and so does your pup. If you are using other treats, check the ingredients! Many have fillers and ingredients that may cause allergies.

GROOMING

_____ **SHAMPOO & CONDITIONER.** Use an oatmeal based shampoo. NuVet and Life Abundance makes a great shampoo. Don't use human products. Dogs have different PH and human shampoos are irritating.

_____ **DOG BRUSH.** Maintains undercoat.

_____ **DOG TOOTH BRUSH & TOOTHPASTE**

_____ **EAR CLEANER.** NuVet's is great.

_____ **DETANGLER.** Get Chi from Amazon.
